

The ELPA21 Dynamic Screener is an easy to administer, year-round assessment used to determine whether students entering school would benefit from English language services. The screener is a concise, three-step solution that allows educators and school staff to efficiently identify English learners and qualify them for additional services and language support.

SPEAKING	2	4	4	2	4	3	2	4	4	2	4	3	2	4	5	2	4	5	

BENEFITS

- Easy to administer and always available
- Engaging assessment questions reflect real-world and classroom interactions
- Test administration is nearly twice as fast as traditional screeners
- Same-day score reports provide actionable data and accessible descriptions of student performance

PURPOSE

USES OF SCORES

- Identifying students who are English learners
- Informing placement into appropriate English learner services
- Determining performance level in each of the four language domains
- Providing families and caregivers with information to support student success
